1 REPORT DETAILS

1.1 BACKGROUND & SCOPE

The report is a weekly access management report that reviews Compass IDs of all internal and external users to remove accounts of users that have left the company, are inactive users, or are orphaned.

1.2 OBJECTIVES

- Minimize risk by keeping the Compass User ID database compliant to bank-wide user access policies related to inactive, departed, and orphan accounts.

1.3 SYSTEM REQUIREMENTS

- Microsoft Excel
- Compass IIQ Report – Ensure you are receiving the weekly report from Gestion-Identites-Access@bnc.ca.
- Compass Access – Ensure your Compass profile has access to the NPAT role: Portal/UserProfileReportAdmin
- Firm 360

2 REPORT PROCEDURES

2.1 STARTING THE REPORT

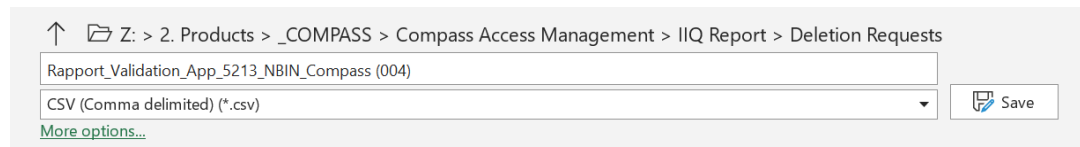

1. Once the email named, Rapport de gardiennage, is received. Open the attached spreadsheet named, Rapport_Validation_App_5213_NBI.
2. Resize columns for readability.
3. Apply filters on all the columns.
4. Copy and paste the header into a new sheet (Sheet1).
5. Save the file; Converting it from .csv to a .xlsx file.

Location: Z:\2. Products_COMPASS\Compass Access Management\IIQ Report\Deletion Requests

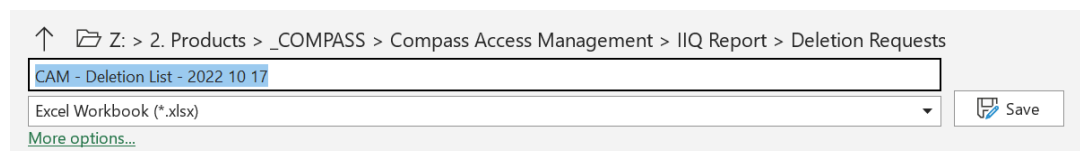

File naming convention:

CAM – Deletion List – YYYY MM DD

From:

To:

2.2 FILTERING FOR ACTIVE INTERNAL USERS

1. Filter column H (Statut du compte | Account status) for Active only.
2. Copy and paste the results in a separate sheet within the same file. Label as “Active” users.
3. On the Active sheet, add filters and filter column M by selecting “Text Filters” and clicking on “Contains”.
 - a. On the dropdown field, select “contains” on both fields.
 - b. Add “nbc.ca” on one field, and “bnc.ca” on the other.
 - c. On the radio button selection, select “Or”

4. Click OK to apply the filter.
5. Copy and paste the results in a separate sheet within the same file. Label as “Internal” users.
6. Create another sheet and rename as “Deletions”.

2.3 IDENTIFYING IN-SCOPE COMPASS IDS

2.3.1 Internal User Departures

1. On the Internal sheet, filter column AJ (DÃ©parts | Departures) for X.
2. Copy and paste the results to the Deletions sheet.
3. Clear the filters in the Internal sheet.

2.3.2 Internal Orphan Accounts

1. On the Internal sheet, filter column AI (Orphelins | Orphans) for X.
2. Copy and paste the results to the Deletions sheet.
3. Clear the filters in the Internal sheet.

2.3.3 Internal Inactive Accounts

1. On the Internal sheet, filter column AK (90j+ | 90d+) for X.
2. Copy and paste the results to the Deletions sheet.
3. Clear the filters in the Internal sheet.

2.3.4 Internal Inactive – Never Used

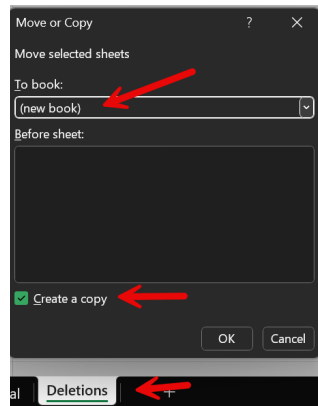

1. On the Internal sheet, filter column K (DerniÃ¨re date d'utilisation du compte | Account last used date) for blank.
2. Filter column L – Create Date for dates older than 90 days from the report date.
3. Copy and paste the results to the Deletions sheet.
4. Clear the filters in the Internal sheet.

2.3.5 Excluding Exception Accounts

1. On the Deletions sheet, delete the rows for the following User IDs.
 - Accounttransferin
 - NBIN.ProductActivation
 - NBINNew.Accounts
 - NBINRisk.Team
 - ProductIAPW.Support
 - Training.Testing

2.4 SUBMITTING THE My IT TICKET

1. In the search field, look up: Revalidate Access to an application by the custodians
2. Required date: tomorrow's date
3. Type of revalidation: Deactivation of accounts following departures
4. Application: 5213COMPASS.PROD
5. Reason for the access revalidation:
Access Revalidation. Deactivate based on employee withdrawal, orphan account, or has not accessed the account in over 90 days. Please contact me should you require more information or before rejecting the request. Thank you!
6. Right click click on the Deletions sheet.

7. On the To Book field, select: (new book)
8. Tick off "Create a copy".
9. Save this new file as "For Deletions – 5213Compass – YYYY MM DD"
10. Attach this file on the My IT ticket.
11. Click on Submit.

The screenshot shows the 'Revalidate Access to an application by the custodians' form. The form contains the following fields and options:

- Requested for:** Katrina Astrologo
- Required date:** 2026-02-10
- Type of revalidation:** Deactivation of accounts following departures (selected)
- Application:** 5213COMPASS.PROD
- Reason for the access revalidation:** Access Revalidation. Deactivate based on employee withdrawal, orphan account, or has not accessed the account in over 90 days. Please contact me should you require more information or before rejecting the request. Thank you!

The 'Submit' button is highlighted with a red box and a red arrow.

3 DOCUMENT RETENTION

3.1 SAVING THE REPORT
